

How to sign up for Inclement Weather and School Bus Notifications

To receive notifications of school bus cancellations or delays, visit <https://www.mybrucegreyschoolbus.ca/Subscriptions/Login.aspx> and create an account. You can customize your notifications, including specific school(s) and bus route(s).

Until recently, emails were the only option to receive notifications regarding bus delays/cancellations or school closures. Now a text option (or SMS) is available as well. To add this, log into <https://www.mybrucegreyschoolbus.ca/Subscriptions/Login.aspx> then click on “My Information” and “SMS (Text).” You should see a window where you can enter your cell number.

Notifications about school bus delays, cancellations, and school closures will also be broadcast by local radio stations and shared on Twitter (@BluewaterDSB).
